

RHINO-RACK

Aerodynamic & Heavy Duty Roof Rack Systems

SPECIFICATION SHEET

RSS131

VEHICLE BRAND	HOLDEN	YEAR MODEL	3/01 on
VEHICLE TYPE	Barina 3dr & 5dr	LOAD RATING	50KG

SPECIAL FITTING TIPS

The vehicle has 4 covers that need to be removed to expose fixing location. Locate these in a safe place.
Fit clamping blocks into slots and tighten fixing bolts.
Position rubber pads over blocks and position rack assembly onto feet as shown in diagram. Note, there is a left & right pad. Check bars are square across vehicle roof, tighten all bolts.

SPECIFICATIONS:

Front Bar – 82 cm
Rear Bar – 79.5 cm
A – Refer tips.
B – Refer tips.
