The diagram shows a car from a top-down perspective with a load on its roof. A large black arrow points forward from the car, indicating its direction of travel. To the left of the car is a triangular warning sign with a black border and a white exclamation mark. To the right of the car is a speedometer. The speedometer has a needle pointing to the 80 km/h mark. The scale is marked with 0, 40 km/h (25 Mph), 80 km/h (50 Mph), and 130 km/h (80 Mph). A shaded gray area on the speedometer, starting from 80 km/h and extending to 130 km/h, contains a triangular warning sign with a black border and a white exclamation mark, indicating a speed limit or advisory zone.

The diagram illustrates the three-step process for cleaning a car:

- A:** A hand sprays cleaning solution from a bottle onto a cloth. A bucket of water is also shown.
- B:** A hand uses the cloth to wipe the car's surface.
- C:** A person uses a long-handled brush to rinse the car's surface with water from a hose. A large downward arrow indicates the direction of the water spray.
