

Thule FreeRide 532 roof mounted bike carrier – Modern, dynamic and functional.

Dynamic design with curved tubes.

Frame holder with quick-lock, fits most frame sizes up to 80 mm.

Lockable – bike to bike carrier and bike carrier to load carrier.

Durable Quick-release straps are adjustable for different wheel sizes and give more flexibility.

Consumer benefits (short version):

- Dynamic design with curved tubes.
- Exclusive titanium color.
- Frame holder with quick-lock, fits most frame sizes up to 80 mm.
- Comfortable Quick-mounting-System for fast and easy mounting around both Square and AeroBars.
- Smart wheelholders for easier loading.
- Quick-release straps, adjustable for different wheel sizes.
- Lockable – bike to bike carrier and bike carrier to load carrier.
- Easy tool-free mounting, no loose parts.
- Flat design for simple storage.
- City-Crash-tested and TÜV-GS.

Consumer benefits (detailed explanation):

- Dynamic design with curved tubes gives a nice impression on the car.
- Exclusive titanium color.
- Extra safety with soft-padded frame holder with quick-lock-function, fits most frame sizes up to 80 mm.
- Comfortable Quick-mounting-System for fast and easy mounting around both Square and AeroBars.
- Smart wheelholders make loading easier.
- Durable Quick-release straps are adjustable for different wheel sizes and give more flexibility.
- Lockable – bike to bike carrier and bike carrier to load carrier.
- Easy tool-free mounting, no loose parts.
- Flat design for simple storage.
- City-Crash-tested and TÜV-GS.

OPTIONAL ACCESSORIES

- Optional: T-track-Adapter 889-2 for mounting in T-track-slot of AeroBars (20x20mm).
- Optional: T-track-Adapter 889-3 for mounting in T-track-slot of AeroBars (some car-manufacturers roof racks). (24x30mm).
- Thule “One-Key-System” – very practical if several lockable Thule-Products are used (e.g. Box, Roofrack, Skicarrier etc.). All locking-barrels will be replaced so only one key will fit all products.
(544 = 4 cylinders + 2 keys, 596 = 6 cylinders + 2 keys, 588 = 8 cylinders + 3 keys, 452 = 12 cylinders + 4 keys).
